**The Irrawang Hornets Annual Clean up Australia Day was yet again a massive success with the young men of the academy cleaning up along Grahamstown Dam.**

**On a beautiful morning on Thursday 29<sup>th</sup> April the boys were up early and selflessly gave their time back to help the community.**

The lads spent 2 hours picking up rubbish along the dam wall collecting close to ten bags of rubbish. Not only did the boys show great commitment they also did the clean up with plenty of laughs and smiles. Once the clean up had finished it was bacon and eggs roll time prepared by Poss and the legend himself Connor.
