Hornets head to Inverell for the annual Clontarf North West Regional Touch Carnival

The Irrawang Hornets have been flying absolutely high to start 2025. The boys commenced their year with a regional camp out to Inverell to compete in a regional touch carnival hosted by the Inverell Academy.

The trip was broken up over three days and two nights, with the first night spent at the North West NSW regional office, where the boys had a ball. The next morning, the boys linked up with the Oxley Academy, where we were treated to a basketball training session followed by a hot breakfast cooked by the Oxley staff. Later that day, we were fortunate enough to accompany the Oxley Bulls to some local swimming holes on the way to Inverell.

The following day, the boys had the chance to get on the touch field and play against other academies attending the touch carnival. It was great to see so much Clontarf spirit displayed across all the games.

A massive shoutout and praise to both the Oxley and Inverell Academies for being so accommodating and hosting us during this camp. We are already looking forward to heading back for next year's touch camp.
