**Week 2 of Term 3 saw 22 deadly young men attend the first session of 'Kicking it with Thanz'.**

**Thanz took the boys through a cultural afternoon centred around his heritage of being both a proud Torres Strait Island and Aboriginal man.**

The boys listened intently throughout hour as Thanz spoke passionately about his culture and also gave the boys the opportunity to see, touch and feel several traditional items including a werris (fish trap), bora bora (small island drum), dhari (traditional head piece) and two didgeridoo's. At the end of the session the lads finished with a traditional game called Ida which the boys went crazy over and now want to play at every opportunity.
